## JOIN THE JOURNEY

Your growth journey as a person and leader requires a coach who can show you the way....

Not only can show you the way, but help you explore the depths of your mind and soul so you can discover and leverage your strengths while also discovering and addressing your development needs— head on. Most leaders try to navigate this journey alone, but they soon find out they can't do it alone. The fast-paced world of business, leadership and life is turbulent and disruptive, making it essential that you have a skilled mentor and coach who can help you navigate this complexity but, also, who can and will help you unlock and unleash your greatest potential so you become all that you can be. I have spent 30+ years learning and mastering the elements of what great leadership constitutes and requires of a person. After enrolling, I will be excited to share with you, **for a fraction** of my typical coaching fees, what I have learned coaching global CEO's, government leaders and numerous "high profile" people.

Intelligent Leadership, my globally accepted and recognized leadership philosophy, deals with igniting and strengthening a leader's inner-core strengths and talents (i.e., character, self-image, values, thoughts, emotions) and translating their inner-core discoveries into driving greatness in their outer-core behaviors. These behaviors fulfill four "game changing" outcomes which they can leverage in their business and life: Altruism, Affiliation, Achievement, and Abundance (The 4 A's). The 4 A's are the seeds to achieving sustained greatness and creating a lasting legacy.

This is your opportunity to join me and my coachee community every month for a live coaching discussion guaranteed to jumpstart and sustain your leadership growth journey. Receive real-life insights and answers to your real-life challenges. It will be an opportunity for us to meet in real time, as if we were working together one-on-one. You can share your thoughts with my other coachees during our coaching discussion and you can always access recordings of our most recent calls to enrich your personal coaching experience. Plus, you can ask me your questions directly during our live Q & A.
